## What's New in the AutoCAD?

Autodesk AIR Tools: Re-create existing drawings in seconds. Import and export drawings in a format that is usable on mobile devices. You can easily manage your AIR drawings from within AutoCAD. (video: 3:34 min.) Batch fill: Fill objects with solid fills or patterns faster and more accurately. Now you can choose between standard or custom fill patterns, and fill multiple objects at once with the same pattern. (video: 2:07 min.) Geometry find and replace: Find and replace complex parts of your design efficiently. With the improved find tool, find and replace options are updated automatically, so you spend less time finding and more time creating. (video: 1:50 min.) Improved merge: Merge options now let you create dynamic shapes with customized editing, like creating holes in blocks. Dynamic shapes can also be edited in groups, allowing you to move, rotate, and modify them all at once. (video: 4:23 min.) Lock and unlock: Use the new Lock (L) and Unlock (U) tools to lock and unlock features or part configurations. (video: 1:55 min.) View edit history: Save and close drawings with history, which lets you see and restore any previous revisions and undo up to five previous commands in a drawing. (video: 1:55 min.) Upgraded search and replace: Identify and replace complex parts more accurately. Perform searches based on features or text, and search by range. Drawings with multiple levels of complexity can now be searched quickly, even with large amounts of drawings. (video: 4:37 min.) Solid fill styles: Fill style options are now customizable and include the ability to work with bold, hidden, dashed, dotted, and handwritten elements. (video: 2:02 min.) Improved editing tools: Fill and draw tools are now easier to use. There are four new tool tips, which highlight the best locations for performing various editing functions. New keyboard shortcuts and improved editor speed help you create more designs quickly. (video: 2:20 min.) Multi-touch gestures: Multi-touch gestures are now supported, so you can turn pages with two fingers and zoom in and out with three fingers. (video: 2:33 min.) Edit view modes:
